

SCHOOL BASED HEALTH CENTERS GATES COUNTY SCHOOLS

Gates County Schools is now providing Telemedicine opportunities to our students and staff in partnership with Gateway Community Health.

School Nurses can facilitate telemedicine visits during school hours. Reducing time missed from class and work for parents.

Telemedicine sessions available on site. Providing quicker access to healthcare without leaving school.

Providers can help with the evaluation of common illnesses (sore throat, earaches, rashes, colds, flu-like symptoms).

For more information reach out to your school nurse. Consent forms with more information can be found at each school and on the district website.
